

es.ull.flights.Flight.add
Passenger

es.ull.flights.Flight.remove
Passenger

es.ull.passengers.Passenger.set
Flight

```
graph LR; A[es.ull.flights.Flight.add Passenger] --> C[es.ull.passengers.Passenger.set Flight]; B[es.ull.flights.Flight.remove Passenger] --> C;
```

The diagram illustrates a mapping or dependency between two source methods and a target method. On the left, there are two white rectangular boxes. The top box contains the text 'es.ull.flights.Flight.add Passenger' and the bottom box contains 'es.ull.flights.Flight.remove Passenger'. On the right, there is a gray rectangular box containing the text 'es.ull.passengers.Passenger.set Flight'. Two blue arrows originate from the right side of the top-left box and the right side of the bottom-left box, both pointing towards the left side of the gray box on the right.
